

I Like It

Mandy Moore

You are the perfect one in my life
You make me happy, so very happy
Don't you know, don't you know
I like it
I like it, yeah, yeah
I like it, I like, I like it
I like it
From the first day that we met I was into you
Couldn't get you off my mind
Every time I close my eyes it's like deja vu's
Seems I've kissed your lips a thousand times
And when I'm feeling up on your skin so smooth
So many things I know that we'd like to do
You're the only one who has gotten through
To the love that's inside and it feels so right
I like it, all the things you do boy
I like it, when I'm close to you
I like it, having someone special
I like it, when that one is you
Don't you know it's true we were meant to be
Never felt like this before
Let the world revolve around you and me
Every day I want you more
And when I'm feeling up on your skin so smooth
So many things I know that we'd like to do
You're the only one who has gotten through
To the love that's inside and it feels so right

I like it, all the things you do boy
I like it, when I'm close to you
I like it, having someone special
I like it, when that one is you
Do you like it, when I'm holding your hand
Do you like it, when I'm looking at you
Do you like it, when I say you're my man
Do you like it, the way I do
Really, really love when you're holding me
Really, really love when you're kissing me
Thinking of things, baby we could do, I like it

You know I like it
I like it, I like it
I like, I like it
I like it, all the things you do boy
I like it, when I'm close to you
I like it, having someone special
I like it, when that one is you
Do you like it, when I'm holding your hand
Do you like it, when I'm looking at you
Do you like it, when I say you're my man
Do you like it, when that one is you
Do you like it, I like, I like it
Do you like it, I like, I like it
Do you like it, I like, I like it
