Do That Thing

The Halo Benders

No Lil Kim and B2K
Now what they go say
Now what you go and do
Do that thing it's on you
Walked in the spot and I already picked one
My idea for the night is to get one
Or two, or three, five, six, seven if you leave it up to me
I'm down to get down witcha
Wiggle and jiggle, it's turnin' all around, would ya
And let me get it money, don't freeze, be easy, it's cool mommy
There you go do that thing for me
Let it go from yo head to ya shouldas
Get a drink and come over
After that we go head to the rover
Back it up, clap it up, switch it up, change it up
Do that thing for me, do that thing for me
Flip it up, give it up, I'mma grip it up while you rip it up
Do that thing for me, do that thing for me
Give me a minute, want a swig of this pimp juice
I'mma be in it, when I'm in it there will be no use
For games, no games, I don't need a lot, I got this on lock dog
You so down, the way you do it, babe
Put ya back into it babe, can I get it on
I got a lot in mine and that's about time
There you go do that thing for me
Let it go from yo head to ya shouldas
Get a drink and come over
After that we go head to the rover
Back it up, clap it up, switch it up, change it up
Do that thing for me, do that thing for me
Flip it up, give it up, I'mma grip it up while you rip it up
Do that thing for me, do that thing for me
Say yo yo say yo yo
Say, say
Say ohh ohh ohh ohh
Say do that thang, do that thang
Put it on me, mommy, if you ain't scared, say ohh, ohh
I make it bounce like my booty was a 64
I'm feelin' nice wit that Mally and that Hipno

All eyez on me, Q U double E N B double E
Yo, people scream Lil Kim real loud around me
Doin' that thing and there's a whole crowd around me
Once I get the second one, I'm goin' back in
DJ, bring that joint back again, so I can take it to the floor
Once more before I hit that door like Big Daddy Kane, nigga
I get raw Picture me tannin' nude by the pool
Fool wake up, you startin' to drool
See, I'm down and I get it in with ya, like the 24's I wanna spin with ya
You can get it daddy, switch it up, back it up, just for you daddy
Back it up, clap it up, switch it up, change it up
Do that thing for me, do that thing for me
Flip it up, give it up, I'mma grip it up while you rip it up
Do that thing for me, do that thing for me
Omarion and Lil Fizz, J-Boog and Raz-B, T.U.G. and Queen Bee
Representin' B.K. and L.A. to the fullest
Chris Stokes, we outta here baby, yeah, this is history boy
Ya girl, Lil Kim, you can call me Miss Brooklyn, and it's on
And it's on You can get it daddy, you can get it daddy
