No Trust

Distorted Truth

She wanna get out of the car, in the middle of the road
And her screaming and hollerin', is getting mighty old
She check every paper, oh when you step out the roomAin't go no trust in your mama
Ain't got no trust in your daddy
Ain't got no trust in your sister
And she ain't got trust in youShe want a simple life, she need a simple man
That don't drink or smoke darlin', play in a rock and roll band
Oh but she want you to hold her at night when she's lonely and blue, yeahAin't go no trust in your mama
Ain't got no trust in your daddy
Ain't got no trust in your sister
And she ain't got trust in youYeah she's a beautiful gal, yeah when she wanna be
But if you told her so darlin', she'd just disagree
Oh, she hates your job and what you want him to doAin't go no trust in your mama
Ain't got no trust in your daddy
Ain't got no trust in your sister
And she ain't got trust in you
