Emperor

Ivory Night

Ride my bike, I ride it everywhere
Like a ghost sailing the road
And oh, on my bike I'm the emperor
All alone, safe in my room again
Out the window staring at clouds
And oh, in my room I'm the emperor
In my life, I choose everything
If you ask me, you're all the same
And oh, in my life I'm the emperor
One day I'll be gone
You'll be just sitting there
Wondering what happened to John
Oh, oh, oh, I'm the emperor
Oh, oh, oh, I'm the emperor
Ooh, oh, oh, oh, oh yeah
Loneliness
Just when I thought it was over
It started again
Ride my bike, I ride it everywhere
Like a ghost, I ride it everywhere
