

# Emperor

## Ivory Night

Ride my bike, I ride it everywhere  
Like a ghost sailing the road  
And oh, on my bike I'm the emperor  
All alone, safe in my room again  
Out the window staring at clouds  
And oh, in my room I'm the emperor  
In my life, I choose everything  
If you ask me, you're all the same  
And oh, in my life I'm the emperor  
One day I'll be gone  
You'll be just sitting there  
Wondering what happened to John  
Oh, oh, oh, I'm the emperor  
Oh, oh, oh, I'm the emperor  
Ooh, oh, oh, oh, oh yeah  
Loneliness  
Just when I thought it was over  
It started again  
Ride my bike, I ride it everywhere  
Like a ghost, I ride it everywhere
