

# Heaven Here

[Richard Shulman](#)

We are the only ones who feel it  
Tonight we drink, tonight we dance  
We are the last ones who can hear it  
We're calling in whispers, we're tired of waiting  
We'll take what we want  
And we'll leave what we know behind  
We are still dreamers in our dead sleep  
Naked and tangled, twisted in love  
And tonight we are the only ones who feel it  
So let it last all night  
So let it last all night  
Let the fire surround us, let it all cave in  
Let it all burn wild, we are leaving it all behind  
We are leaving it all behind  
Heaven is here, heaven is here  
Heaven is here

We're tangled and brave  
We're naked and saved  
Well, Heaven's not waitin'  
It's spillin' its secrets, it's right here between us  
And we've no other choice but belief  
We've no other choice but belief  
We've no other choice but belief  
So let it last all night  
So let it last all night  
So let it last all night  
So let it last all night  
Naked and tangled, and twisted in love  
And tonight we are the only ones who feel it  
Heaven is here, Heaven is here  
And tonight we are the only ones who feel it
