

# Ghosts 'n' Stuff

## deadmau5

It's been so long, I've been out of my body with you  
I feel alone, feel at home, feel like nothing is true  
You took me to a place where my senses gave way  
Turn it round, shut it down, what the people say  
Climbing up, killin' time, let 'em give you some

Take my hand and let it come, let it come, let it comeTake it back when she knows that you're doing it right  
'Cause everybody else knows what they're taking tonightBut I just wanna play it right  
We, we're gonna get there tonightIt's been so far, I've been walking the line on my own  
Lift me up to the stars, we are coming home  
I know we had a chase but we're out of time  
We have sold in the cold, physical design  
Set me free, set me out on the run  
Lift me up to the sun, to the sun, to the sunWhen you're burning down, when you're burning down  
It's the way that you fake it, I know it's too lateBut I just wanna play it right  
We, we're gonna get there tonight  
I just wanna take you down  
We, we're gonna bring you 'roundI just wanna play it right  
We, we're gonna get there tonight  
I just wanna take you down  
We, we're gonna bring you 'round
