

# Talent Goes By

Tristram

You want me to be someone else  
You want me to change myself  
So you can live  
It won't happen again, again You want me to live my life  
Thinking that I can't achieve my best  
Oh, well talent goes by  
Talent goes by, talent goes by (x7) You want me to be someone else  
You want me to change myself  
So you can live  
It won't happen again, again You want me to live my life  
Thinking that I can't achieve my best  
Oh, well talent goes by  
Talent goes by, talent goes by (x6)
