Stormwing - Estonia

Stormwing

Estonia
Estonia

She used to sail across the Baltic
Can you believe that she is gone?
How many victims, will we ever know?
We miss you, still we miss you

Stand by your brothers and sisters
Your mother, daddy wonâ€™t come home
Too many people will be left alone
They need you, still need you

Estonia
Pain in everyoneâ€™s heart
Estonia
Together weâ€™ll do our parts
Life must go on, I feel stronger day by day
Goodbye, my love, good night
Estonia

Two souls made a promise
Weâ€™ll â€¦
Break for the â€¦ and those who â€¦
We salute you, we support you through the Red Cross

CHORUS

SOLO

Estonia
Tears in every manâ€™s heart
Estonia
Will always remain in my heart
Life must go on, I feel stronger day by day
Goodbye, my love, good night
Estonia
