Something Good

Nelson Freitas

This can be the start of something good
Don't you think? Cause I do

Red goes as white wine and candles are lit today
Ant it's all for you
Yes, all for you
Hoping on the knee that... you wear in a lingerie
Are you coming through? I need to know

Cause I've been waiting patiently
for a girl like you to come my way
And now that you here I won't let you go
Yes I've been waiting patiently
for a girl like you to come my way
It's you that I've been longing for
This can be the start of something good
Don't you think? Cause I do
We can make this happen, me and you
You agree? Cause I do
This can be the start of something good

I'm on the elevator going up
You're the only magic? flying high
With the touch of you I feel so good
Got me wondering where you've been all my life
Cause I've been searching for
a girl like you all this time

Cause I've been waiting patiently
for a girl like you to come my way
And now that you're here (now that you're here)
I won't let you go (I won't let you go)
Yes I've been waiting patiently
for a girl like you to come my way
It's you that I've been longing for
This can be the start of something good
Don't you think? Cause I do
We can make this happen me and you
You agree? Cause I do

This can be a start of something good

If you could just close your eyes
and imagine I'm in front of you
We would be doing
Yeah we would be doing
If you could just close your eyes
and imagine I'm in front of you
We would be doing... something good
Yeah something good

This can be the start of something good
Don't you think? Cause I do
We can make this happen me and you
You agree? Cause I do
This can be the start of something good

If you could just close your eyes
and imagine I'm in front of you
We would be doing
Yeah we would be doing
If you could just close your eyes
and imagine I'm in front of you
We would be doing something good
