

# Welcome to the Strange

## Murderdolls

Nowhere  
No place I'd rather be  
I'm my own sideshow  
I can feel the misery

I lived my whole damn life in color  
My future's so black and white  
I got a nonstop ticket  
No destination in sight

(pre-chorus:)  
So step right up for the ride of your life!  
The line starts here in the back of my mind

I ride into the super sci-fi  
My star's are fallin'  
Down down down  
To the Earth tonight

(pre-chorus)

(Chorus:)  
Well you can rearrange the strange and deranged  
The sign up ahead says...  
Welcome To The Strange! (x2)

(pre-chorus)

Nowhere  
No place I'd rather be  
Well I'm a self-made monster,  
And my own worst enemy

(pre-chorus, chorus)
