

# Buffalo (feat. Mountain Man)

alt-J

Breathe on me my buffalo  
Your eye warms to a warning  
Of a death without words I am here  
Laughter swallowing cups of pride  
Inside it paints me  
With the visions I love  
For the future tributes  
Our Thom Sonny Green Breathe on me my buffalo  
Your eye warms to a warning  
Of a death without words I am here  
Laughter swallowing cups of pride  
Inside it paints me  
With the visions I love  
For the future tributes  
A tome sunny green The buffalo from buffalo  
Who are buffaloes by the buffalo  
From buffalo  
Buffalo are the buffalo from buffalo And all's above lay  
Pay tribute to the future death  
Of our tome Sunny green.
