

# Hold (Stolensnares Remix)

Dabin

I feel naked when you step into my body  
In my mind  
And when I'm falling into the dark  
You always haunt me  
Open wide But who are we to call each other selfish lovers?  
We all need someone!  
But who are we to call each other selfish lovers?  
We all need someone to hold! /x2  
Someone to hold! /x2  
Who are we to call each other selfish lovers?  
We all need someone to hold! I tend to lose my sense of time when come to morning  
Stay beside  
I know it's much too soon to tell you that  
I need you by my side.  
But who are we to call each other selfish lovers?  
We all need someone!  
But who are we to call each other selfish lovers?  
We all need someone to hold!  
Someone to hold! /x2  
We all need someone!  
We all need someone to hold! Who are we to call each other selfish lovers?  
We all need someone to hold!
