

# When You're Feeling Gentle

## Stornoway

Vintery mintery cutery corn, he apple seed and the apple thorn  
The wire, briar, limber lock, the three geese in a flock  
One flew east and another west, one flew over the cuckoos nest  
Pluck a feather, catch a feather to lay upon you  
When you're feeling gentle, teach me to be gentle  
Show me how to gently guide you home  
When you're feeling gentle, give me one more chance before I go  
Over the hills and far away, leaving you sleeping in the hay  
Full days' work on half a brain, coach home in the rain  
Hand on my heart and my heart on the floor  
Keys to my ear and my phone to the door  
Jack be nimble, Jack be quick  
Jack come over, so I can kick you  
Gently, teach me to be gentle  
Show me every gentle way you know  
When you're feeling gentle, give me one more chance to  
show you that I'm gentle let me go  
let me go  
let me go  
let me go  
let me go  
Gentle, when you're feeling gentle let me know  
Gently, break it to me gently when you don't  
Gentle teach me to be gentle, show me every gentle way you know  
Gentle, give me one more chance to, show you I can gently guide you home  
Gentle, teach me to be gentle, show me every gentle way you know  
When you're feeling gentle, give me one more chance to  
Show you that I'm gentle let me go  
Over the hills and far away  
coach to London in the rain.
