

# Hope Is On Fire

## Kingdom Come

Another bloody day's in sight  
What a thrill we're still alive  
TV's shouting on and on!  
War is raging, peace is gone  
Hope is on fire

Sorry if I don't suit your style#  
I just woke up it took a while  
Pardon me I'm running late  
I'm busy trying to escape  
Hope is on fire

Damage done in definite  
No more desire  
Time out for dreamer  
Mother earth just won't forgive  
Too late for healer

Sorry if I don't suit your style#  
I just woke up it took a while
