

# Loved You So

Lew

I wish it weighed more than three words  
As they rest on the tip of my tongue, it still hurts  
Your hands smell just like tears  
And all I rest on is a bed of fears Sometimes I wish these days never came  
Because now we look back for someone to blame  
Forgiveness comforts you to sleep  
But all your wounds cut too deep And then I let you go,  
and I let myself fall  
I loved you so  
Now I know I'm wrong  
Because you built my heart  
and filled it up with soul  
I let you go  
Now I loved you so  
I let you go  
Now I loved you so  
It was labelled with a best before date  
But then we came back but it was too late  
Infatuated with the past, I'm tired  
It's been a while what's left is expired I let you go,  
and I let myself fall  
I loved you so  
Now I know I'm wrong  
Because you built my heart  
and filled it up with soul  
I let you go  
Now I loved you so  
I let you go  
Now I loved you so  
And then I let you go,  
and I let myself fall  
I loved you so  
Now I know I'm wrong  
Because you built my heart  
Filled it up with soul  
I let you go  
Now I loved you so Said I let you go  
Now I loved you so  
Said I let you go

I loved you so I let you go

Now I loved you
