

I'll Be Right Here Loving You

Randy Travis

Politicians, collections
Unionism, opposition
Activism, communism
Skepticism, new vision, down with the old tradition Vandalism, terrorism
Amunision, demolision
Darwonism, religion
A lot of people making caastrophoic predictions But I'll be right here loving you
Come what may I know this much is true
As long as this world's spinning like it's supposed to do
I'll be right here loving you Computerized, organised
Downsize, enterprise
Idolize, criticize
Demoralize, sympathize, talk sweet and tellin lies Economics, electronics
Atonic, supersonic
Saving whales, crowed jails
America On-Line, e-mail But I'll be right here loving you
Come what may I know this much is true
As long as this world's spinning like it's supposed to do
I'll be right here loving you Ecology, technology
Energy, psycology
Evolution, revolution
Everybody's trying to find a new solution But I'll be right here loving you
Come what may I know this much is true
As long as this world's spinning like it's supposed to do
I'll be right here loving you As long as this world's spinning like it's supposed to do
I'll be right here loving you
