Let Your Guard Down

Will Varley

In a KFC in the early hours, someone giving out threads, someone giving out flowers.
Not far from morning live another day, and he lies there passed out and heard someone say.Gotta let your guard down when you fall in love, let your guard down.
Gotta let your guard down when you fall in love, let your guard down.Soon as she walks in open his eyes. From the bows of Venus, sweet arrows fly.
And she calms his worries, wipes his brow.
Say you're gonna be alright we can work this out.Gotta let your guard down when you fall in love, let your guard down.
Gotta let your guard down when you fall in love, let your guard down.He went to kiss her when he touched her heart she seemed too shattered like a pane of glass.
And from her mouth came a swarm of flies and ten thousand soldiers went marching by.Gotta let your guard down when you fall in love, let your guard down.
Gotta let your guard down down when you fall in love, let your guard down.Now there's nothing left, just burned out streets. And it wont be long till they watch to see. Were we ever here flash in the black and after we're gone do we ever come back?
Gotta let your guard down when you fall in love, let your guard down.
Gotta let your guard down when you fall in love, let your guard down.
Gotta let your guard down when you fall in love, let your guard down.
