Another Day

DJ Encore

Im in a place where I cant breathe
Something is wrong 'cause I cant see
Why youd expect me to give into you
Im like a land without a name
Somethings can never be the same
Why would you want me to give into youDont make me walk away
Dont wait for rain
Show me another day
Turn me around and ease my painDont make me walk away
Dont wait for rain
Show me another day
Turn me around and ease my painDont, dontDid you forget the way it was?
There used to be a time for us
Did you expect me to give into you
Why would you let me turn away
Why cant you see that I wont stay
When you expect me to give in to youDont make me walk away
Dont make me walk away
Turn me around and ease my painDont make me walk away
Dont wait for rain
Show me another day
Turn me around and ease my painDont make me walk away
Dont wait for rain
Show me another day
Turn me around and ease my pain
