Chills

Fatty Koo

I love you
The sunlight smiles, faithful everyday for you
No one can come close to the joy you bring to me
Whispers like a summer breeze to put my mind at ease
When I look into your eyes, I envision you and me
On love's journey, so I wrote this melody
To show you that you send me
Chills running through my body, shivering down my spine
Keeps me queering for you, so happy that you're mine
I'm shaken, I can't control myself 'cause you
You send me chills
(Chills, chills)
You send me chills
(Chills, chills)
Chills, yeah
Come whisper in my ear, tell me what your heart desires
Girl, I feel that you?re the one, that I can spend forever with
You give me that sensation that no other love can give
Boy, what you do for me goes far beyond my wildest dreams
Say, you'll never leave, girl, you'll never leave
Girl, when you look at me, I get this feeling inside of me
Chills running through my body, shivering down my spine
Keeps me queering for you, so happy that you're mine
I'm shaken, I can't control myself, 'cause you
(I can't control it baby)
You send me chills
(Chills, chills)

You send me chills
(Chills, chills)
Cold as the winter breeze, makin' my heart freeze, oh, oh, oh
Hot as the summer flame, when you say my name, oh, oh
Sparklin' like parie', got me dizzy like chardonnay
I feel chills when you look at me, chills when you touch me
Chills runnin' all over my body, yeah, yeah
Girl, you send me chills
Baby, you send me chills
Chills running through my body, shivering down my spine
Keeps me queering for you, so happy that you're mine

I'm shaken, I can't control myself, 'cause you
(I can't control what I feel baby)
You send me chills
You send me chills
You send me chills
You send me chills
You send me chills
You send me chills
You send me chills
You send me chills
I can't help it, I can't stop it
(Chills, chills)
I can't shake it, I can't lie
(Chills, chills)
'Cause you send me chills
Yeah, you send me chills
