

Can't You See

Craig Wayne Boyd

Gonna take a freight train
Down at the station, Lord
I don't care which way it goes
Gonna climb a mountain
The highest mountain, Lord
I'm going to jump off, ain't nobody gonna know

Can't you see, oh, can't you see
What that woman, Lord, she been doin' to me
Can't you see, oh, can't you see
What that woman, she's been doin' to me

I'm gonna find me
Down at the station, Lord
I'm gonna leave this town
And I ain't never comin' back

I'm gonna take this
All the way down to southern gone
Till this train
Till this train runs out of track

Can't you see, oh, can't you see
What that woman, she's been doin' to me
