Let Me Take You There

Plain White T's

I know a place that we can go to
A place where no one knows you
They won't know who we areI know a place that we can run to
And do those things we want to
They won't know who we areLet me take you there
I wanna take you thereI know a place that we've forgotten
A place where we won't get caught in
They won't know who we are
(They won't know, won't know)I know a place where we can hide out
And turn our hearts inside out
They won't know who we areLet me take you there
I wanna take you there
Let me take you there
Take you there, take you thereOoh, ooh, ooh, ooh, ooh, oohI know a place we'll be together
And stay this young forever
They won't know who we areLet me take you there
I wanna take you there
Let me take you there
Take you there, take you thereOohWe can get away to a better place
If you let me take you there
We can go there now 'cause every second counts
Girl just let me take you there, take you there
