Let Me Take You There

Plain White T's

I know a place that we can go to
A place where no one knows you
They won't know who we areI know a place that we can run to
And do those things we want to
They won't know who we areLet me take you there
I wanna take you thereI know a place that we've forgotten
A place where we won't get caught in

They won't know who we are

(They won't know, won't know)I know a place where we can hide out

And turn our hearts inside out

They won't know who we areLet me take you there

I wanna take you there

Let me take you there

Take you there, take you thereOoh, ooh, ooh, ooh, ooh, ooh ooh know a place we'll be together

And stay this young forever

They won't know who we areLet me take you there

I wanna take you there

Let me take you there

Take you there, take you thereOohWe can get away to a better place

If you let me take you there

We can go there now 'cause every second counts

Girl just let me take you there, take you there
