

Drip, Drop

[Kim Taylor](#)

Drip, drop fly by mother
I'm a land, a soft hand
A warm flow
Flip, flop, I'm a lover
Silent, rolling man goes on and on and on
And I slide for cover
I've got nothing, something, everything

Trip, trop he's above her
Haggling, waggling wag down slow
Clip, clop I don't say a thing
A thing I'd say I need to go
