Energy High

Machel Montano

Energy, energy, energy
Hey, let me go, get up, get up
Hah, hey, power up, set, power up, we go,
Hey, hey
You getting on high when you on di road
You getting on like if your battery overload
And if you see somebody shuttin down
You better let em know, they gots to go
We getting high like we in a flat
And di water flowing, me getting soakin wet
And if you see somebody slowin
You better stop and say, that ... way
Everybody know
If you in a fence, getting soaking wet
Boy you're crossin the stage, start to misbehave
Enjoy yourself but keep in mind
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now
Walking in your way's a obsession,
Like you is a wine and joy
Attitude, attitude, attitude
Every flag gets ina bad light... love di tune
Energy, energy, energy
And every fetter gonna find me... ah go crazy
And one day ah be on di road
And on wine... I'm moving like a monster
It's like I'm bout to overload
If you in a fence, getting soaking wet
Boy you're crossin the stage, start to misbehave
Enjoy yourself but keep in mind
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,

Keep your energy, right now
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now
You getting on high when you on di road
You getting on like if your battery overload
And if you see somebody shuttin down
You better let em know, they gots to go
We getting high like we in a flat
And di water flowing, me getting soakin wet
And if you see somebody slowin
You better stop and say, that ... way
Everybody know
Say everybody in the costume, living up to my shop these days
Attitude, attitude, attitude
And the sun up in the sky...
Energy, energy, energy,
We driftin on the place like zombie ...
If you in a fence, getting soaking wet
Boy you're crossin the stage, start to misbehave
Enjoy yourself but keep in mind
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now
We getting high like we in a flat
And di water flowing, me getting soakin wet
And if you see somebody slowin
You better stop and say, that ... way
Everybody know
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now
Keep your energy high, high
Keep your energy, jump up
Keep your energy, river,
Keep your energy, right now.
