Believe (feat. Ansel Elgort)

Don Diablo

[Verse 1: Ansel Elgort]
Promises, promises, year after year, on my knees
Paradise knocks for my future, just have to believe
Flood, flood, flood in the streets so they said
Blood, blood, blood in the streets of my head
[Chorus: Ansel Elgort]
Do you believe in me? Do you believe in me?
We believed in you, we believed in you[Verse 2: Ansel Elgort]
Just listen to Father and he'll set you up
To seek seeds in the soil to dry
To produce what we need for our family trees
Cutting down to our knees
We look up to the sky to retell the old
Stories of glorious battles victorious
Brothers notorious, empires turn to dust
Men turn delirious, reasons mysterious
Destruction comes near to us, our mothers shed tears for us![Chorus: Ansel Elgort]
Do you believe in me? Do you believe in me?
We believed in you, we believed in you
[Verse 3: Ansel Elgort]
Lived on my knees, they told me, that you'd set me free
We lost our years together because of the fear
Know I'm never going make it there
I just wanted Eden on repeated sunny days
The land below me cracks and tears
Look into the sky through thick and rainyhaze[Chorus: Ansel Elgort]
Do you believe in me? Do you believe in me?
We believed in you, we believed in you
