

One Last Time

Sara Watkins

it isn't me
it's my attention that you're missing
it aint my voice
but all the sweet things that i say
I'm not your only honey bee
who are you kidding
sing your sad songs to the rest
let them believe they get your best
it's time that we both stop faking,
it aint love we're making.
no i don't wanna be your missus,
mister you won't miss me
you just miss my kisses,
you won't miss me
you just miss my kisses
don't save my number
and you won't ever find me calling
i was happy before you met me
and better after you left
you can keep your seasons
and i will keep my sunshine
keep your money and your time
and ill hold on to mine
it's time that we both stop faking
no offense none taken
no i don't wanna be your missus,
mister you won't miss me
you just miss my kisses,
you won't miss me
you just miss my kisses
please don't make a scene
and don't pretend to cry
just smile and say good bye
and kiss me good night
one last time
it's time that we both stop faking,
no ones heart is breaking
no i don't wanna be your missus,
mister you won't miss me
you just miss my kisses,
you won't miss me
you just miss my kisses
you won't miss me
you just miss my kisses
