

# Brace

## Ee

I could sit and cry  
I am never mad  
I am burning up  
I am broken up  
Brace yourself  
Brace yourself  
Come on play again  
Don't just stand and stare  
I keep calling you  
You keep taking in  
Brace yourself  
Brace yourself  
Brace yourself  
For this  
For this  
I can brace myself  
For this  
I can brace myself  
For this  
Yeah  
Brace yourself  
Brace yourself  
Brace your-self  
For this  
For this  
For this  
For this
