Advisory - the following lyrics contain explicit language:

See that man dressed in black  
Pass him by don't look back  
Keep in a line and walk straight ahead  
One false move could be dead 'Cos he's an underground undercover agent for the CID  
CID, CID  
Got a loaded 44  
Walking armoury store Take a tip and hear what I say  
Don't take no trip down Soho way  
If you do you better keep in a line  
Make one false move could be doing time 'Cos he's an underground undercover agent for the CID  
CID, CID  
Got a loaded 44  
Walking armoury store Watch it Take a tip and hear what I say  
Don't take no trip down Soho way  
If you do you better keep in a line  
Make one false move could be doing time 'Cos he's an underground undercover agent for the CID  
CID, CID  
Got a loaded 44  
Walking armoury store
