Break Away

Edge Of Paradise

The quest to find your gold
it never ends, it blinds you
The sea of endless vice
controls your mind, it drowns youIt never ends it blinds you
controls your mind it haunts you
So you won't rememberI'll break away I'll break away I'll break away from here
And no, I won't obey
I'll break away I'll find a way I'll break away from here
I won't let you take over me
This tainted voice
Infects my thoughts
addictive greed, leave me alone
We're lost, In our own worlds
We're moving this machine
Part of our grand design
Watch outIt never ends it blinds you
controls your mind it haunts you
Till you surrenderI'll break away I'll break away I'll break away from here
And no, I won't obey
I'll break away I'll find a way I'll break away from here
I won't let you take over meHypnotized I feel weaker
can't see before my own eyes
Paralyzed, poison's getting to my blood
Slave to my mind
I'll break away I'll break away I'll break away from here
And no, I won't obey
I'll break away I'll find a way I'll break away from here
I won't fall under your spellThere's no black and white
Like there's no wrong or right
In the eye of the stormI'll break away I'll break away I'll break away from here
And no, I won't obeyLeave your quest for gold
Or greed will kill us all
Don't look in the eye of the storm
