

# Burning Heart

[\*\*rob klerkx\*\*](#)

Two worlds collide  
Rival nations  
It's a primitive clash  
Venting years of frustrations  
Bravely we hope  
Against all hope  
There is so much at stake  
Seems our freedom's up against the ropes  
Does the crowd understand?  
Is it east versus west  
Or man against man?  
Can any nation stand alone?  
In the burning heart just about to burst  
There's a quest for answers an unquenchable thirst  
In the darkest night rising like a spire  
In the burning heart the unmistakable fire, in the burning heart  
In the warriors code  
There's no surrender  
Though his body says, "Stop"  
His spirit cries, "Never"  
Deep in our soul  
A quiet ember  
Knows it's you against you  
It's the paradox that drives us on  
It's a battle of wills  
In the heat of attack  
It's the passion that kills  
The victory is your's alone  
In the burning heart just about to burst  
There's a quest for answers an unquenchable thirst  
In the darkest night rising like a spire  
In the burning heart the unmistakable fire  
In the burning heart just about to burst  
There's a quest for answers an unquenchable thirst  
In the darkest night rising like a spire  
In the burning heart the unmistakable fire  
In the burning heart just about to burst  
There's a quest for answers an unquenchable thirst  
In the darkest night rising like a spire

In the burning heart the unmistakable fire  
In the burning heart
