

Revenge Wears No Wristwatch

The Walkmen

Anger, anger, treats me hard.
I tell her I say.
I've heard it all before, I've had it up to here.
Such a mess, I am.

You say, somethings wrong.
This Kind of life style doesn't work.
I'm trying something else.
For a change, for a change.
That's okay, okay, okay.

I've heard it all before, I've had it up to here.
Such a shame, such a shame, such a shame.
