I've Got an Angel

The Clark Sisters

Oh, I've got an angel
Oh, I've got an angel
Oh, I've got an angel
Oh, I've got an angel
The power of imagination
Goes right to my head
The power of imagination
Goes right to my head
And I said
Oh, I've got an angel
Oh, I've got an angel
The power of imagination
Goes right to my head
The power of imagination

Goes right to my head
The power of imagination
Goes right to my head
The power of imagination
Goes right to my head
And I said, baby
Time is, time is time to kill
Time is, time is time to kill
Time is, time is time to kill
Time is, time is time to kill
Time is, time is time to kill
Time is, time is time to kill
