

# I've Got an Angel

## The Clark Sisters

Oh, I've got an angel  
The power of imagination  
Goes right to my head  
The power of imagination  
Goes right to my head  
And I said  
Oh, I've got an angel  
Oh, I've got an angel  
The power of imagination  
Goes right to my head  
The power of imagination

Goes right to my head  
The power of imagination  
Goes right to my head  
The power of imagination  
Goes right to my head  
And I said, baby  
Time is, time is time to kill  
Time is, time is time to kill
