

# Be The One

## Little Barrie

1, 2, 3, 4

Look around

You should be

Should be dancing

Dance with me

Bottom line,

We're wasting time

So imma say what's

On my mind.

I just want you to know

That you're so so beautiful.

Uh, uh, uh

Baby I just want to be with you uh uh

I don't care if nobody's approve uh uh

Tell me what I gotta do to prove tonight

I might be the one, girl.

Uh uh uh

Baby I just want to be with you uh uh

I don't care if nobody's approve uh uh

Tell me what I gotta do to prove tonight

I might be the one, girl.

Thought we were caught in the moment

The moment you know.

That you want me to own it, to own it

Lets go.

And I need you to know

That you're so so beautiful.

Uh, uh, uh

Baby I just want to be with you uh uh

I don't care if nobody's approve uh uh

Tell me what I gotta do to prove tonight

I might be the one, girl.

Uh uh uh

Baby I just want to be with you uh uh

I don't care if nobody's approve uh uh

Tell me what I gotta do to prove tonight

I might be the one, girl.

Don't over-think it

We don't have to leave yet  
We're just having fun  
What could go wrong  
There aint no question about it  
I'm saying it's you that I want  
Uh, uh, uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.  
Uh uh uh  
Baby I just want to be with you uh uh  
I don't care if nobody's approve uh uh  
Tell me what I gotta do to prove tonight  
I might be the one, girl.
