

Safe and Sound (instrumental one pitch down)

Taylor Swift

I remember tears streaming down your face when I said I'll never let you go
When all those shadows almost killed your light
I remember you said don't leave me here alone
But all that's dead and gone and passed tonight Just close your eyes, the sun is going down
You'll be alright, no one can hurt you now
Come morning light, you and I'll be safe and sound Don't you dare look out your window, darling everything's
on fire
The war outside our door keeps raging on
Hold onto this lullaby even when the music's gone, gone Just close your eyes, the sun is going down
You'll be alright, no one can hurt you now
Come morning light, you and I'll be safe and sound
