

# Downpour

[Brandi Carlile](#)

I'm like the rain in a downpour  
I wash away what you long for  
And I wave goodbye with the sun in my eyes  
But I wish I could be there tonight I'm like the wind in the canyon  
I'm there then I'm gone in a second  
And you're growing older in peace where you're at  
I wish I could be there for that  
But I've moved on like a rolling stone  
In a crowded room I'm alone And I'm like the rain in a downpour  
And I wash away what you long for  
I wave goodbye with the sun in my eyes  
I wish I could be there tonight, oh, oh, yeah You're like the tide in the deep blue  
'Cause you're always there when I need you  
And when you need someone to carry you through  
I'm gonna be there for you, I'm gonna be there for you
