

Parachute (feat. Satin Circus)

Isac Elliot

Mmmmmm yeah I know you've been scared

Let me hold you

Girl, lay right there

Close to me

Take it from here

Trust me

Baby

From the stone I stand

Hold on to me When all the lights gone

I'll be, I'll be fighting for you and me

And all the hope's gone

You'll see I'll be there When you're fallin'

You know I'll be there for you

Just take my hand

Hold on I'll be there

I'll be your parachute

Falling down down down

I'll be your parachute

Before you fall down down

I'll catch you Mmmmm So cold up here

Let me hold you

No need to fear

Just fly with me When all the lights gone

I'll be, I'll be fighting for you and me

And all the hope's gone

You'll see I'll be there When you're fallin'

You know I'll be there for you

Just take my hand

Hold on I'll be there

I'll be your parachute

Falling down down down

I'll be your parachute

Before you fall down down

I'll catch you When the rain falls down

Yeah

When the rain falls down

I catch you

When the rain falls down

Under my parachute

Oooooooooh ooooooh oh Baby girl don't you know that When you're fallin' down
You know I'll be there for you
Just take my hand
You know I'll be
You know I'll be your parachute
Falling down down down
I'll be your parachute
Before you fall down down
I'll catch you
