

# Clearblue

[Molly Nilsson](#)

Clearblue is the color of the sky  
Clearblue is the color of my eyes  
But the clouds overcast my heart  
And divide me in two partsMy fate is sealed in a minute or two  
And then I'll figure out what I gotta do  
But right now I only wanna remember  
All the parties we ever went to  
All the parties we ever went to  
All the parties we ever went toIt's the beginning or it's the end  
You get a phonecall to a friend  
Knowing no one's gonna bail you out of this time  
My future life will split in two  
At least one of these are through...  
All the parties we never went to
