

Hong Kong (Live At Manchester Opera House)

Gorillaz

Lord, hear me now
Junk boats and English boys
Crashing out in supermarts
Electric fences and guns You swallow me
I'm a pill on your tongue
Here on the nineteenth floor
The neon lights make me calm And late in a star's life
It begins to explode
And all the people in a dream
Wait for the machine
To pick the shit up, leave it clean Kid, hang over here
What you're learning in school
Is the rise of an eastern sun
Gonna be good for everyone?
