Missed You On Sunday

Billy Gilman

You're flying loose and I'm losing ground with you
Want you to stay 'cause I can't follow you
You know I'll wait forever if you want me to
It's not your talking I know, it's who you're talking toMissed you on Sunday 'cause you weren't there
Saw you on Monday with purple hair
No matter what you do, you'll find me there
Missing you on Sunday, our number one day
Yeah, I'm missing the answer to my prayersI see you walking through the danger zone
That's not the way I used to walk you home, no
Don't wanna hold you back, no, I'd let you go alone
And pray that someday you'll come back on your ownMissed you on Sunday 'cause you weren't there
I saw you on Monday with purple hair
No matter what you do, you'll find me there
Missing you on Sunday, our number one day
Yeah, I'm missing the answer to my prayersSome people say I'm such a fool to wait for you
But I can't close the gates through the heaven we once knew
Life's such a mystery, always been clear to me
When you're around I see the sun come shining throughNo matter what you do you'll find me there
Missing you on Sunday, our number one day
Yeah, I'm missing the answer to myI missed you on Sunday 'cause you weren't there
I saw you on Monday with purple hair
No matter what you do, you'll find me there
Missing you on Sunday, our number one day
Yeah, I'm missing the answer to my prayersOn Sunday, on Monday
No matter what you do, you'll find me there
Missing you on Sunday, our number one day
Yeah, I'm missing the answer to my prayers
