

Get Back Up

Tobymac

You turned away when I looked you in the eye,
And hesitated when I asked if you were alright,
Seems like you're fighting for your life,
But why? Oh why?
Wide awake in the middle of your nightmare,
You saw it comin' but it hit you outta nowhere,
And there's always scars
When you fall that far

We lose our way,
We get back up again
It's never too late to get back up again,
One day you're gonna shine again,
You may be knocked down,
But not out forever,
Lose our way,
We get back up again,
So get up, get up,
You gonna shine again,
Never too late to get back up again,
You may be knocked down,
But not out forever
(May be knocked down but not out forever)

You're rolled out at the dawning of the day
Heart racin' as you made you little getaway,
It feels like you've been runnin' all your life
But, why? Oh why?

So you've pulled away from the love that would've been there,
You start believin' that your situation's unfair
But there's always scars,
When you fall that far

We lose our way,
We get back up again
Never too late to get back up again,
One day, you're gonna shine again,
You may be knocked down but not out forever,
Lose our way, we get back up again,

So get up, get up
You gonna shine again
It's never too late, to get back up again
You may be knocked down, but not out forever,
May be knocked down, but not out forever!

This is love callin', love callin', out to the broken,
This is love callin'.
This is love callin', love callin', out to the broken
This is love callin'.
This is love callin', love callin',
I am so broken
This is love callin' love callin

We lose our way, (way way way ay ay ay)
We get back up, (get back up again)
It's never too late (late late late ate ate ate)
You may be knocked down but not out forever!

Lose our way,
We get back up again,
So get up get up
You gonna shine again
Never too late to get back up again
You may be knocked down,
But not out forever,

This is love (lose our way) callin' love callin' (get back up again)
To the broken
This is love (never too late) callin'
(May be knocked down but not out forever)
This is love (lose our way) callin' love callin' (we get back up again)
To the broken
This is love (never too late) callin'
(May be knocked down but not out forever)

This is love callin' love callin'
Out to the broken,
This is love callin'
