

I Am

Christina Aguilera

I am timid and I am oversensitive
I am a lioness, I am tired and defensive
You take me in your arms and I fold into you
I have insecurities, you show me I am beautiful Love me or leave me, just take it or leave it
It's not that I'm needy, just need you to see me
Take me, free me, see through to the core of me
Take me, free me, there will be no more pretending I am temperamental and I have imperfections
And I am emotional, I am unpredictable
I am naked, I am vulnerable
I am a woman, I am opening up to you Love me or leave me, just take it or leave it
It's not that I'm needy, just need you to see me
Take me, free me, see through to the core of me
Take me, free me, there will be no more pretending Now I stand before you with my heart in my hands
I'm asking you to take me just the way that I am
Please lay down your arms, do you know me?
Make me feel safe from harm Love will just take me Take me, free me, see through to the core of me
Take me, free me, there will be no more pretending Take me, free me, see through to the core of me
(I am temperamental and I have imperfections)
Take me, free me, there will be no more pretending
(And I am emotional)
