

# Thinking About You

Axwell & Ingrosso

Think about love  
Think about hate  
Think about getting fit  
And why I'm always late  
Think about tonight  
And what I'm gonna do  
But I just can't concentrate  
Cos I'm thinking about you  
Think about money  
Think what I owe  
Spent it on a car  
With a cool, cool stereo  
And I'm sitting in traffic  
Wishing it would move  
Should been thinking about a job  
But I'm thinking about you  
Thinking about you  
Thinking about you now  
Think about ya touch  
Think about ya kiss  
Feeling like a kid again  
Total utter bliss  
(x2)Think about my holidays  
Think golden rays  
Think about dancing  
And sitting in the waves  
Now thinking about the time  
And the place where we met  
Swimming in the sea  
And your hair was all wet  
Think about colors  
Think about sex  
Think about your body  
How it moved in that dress  
Think about ya touch  
Think about ya kiss  
Feeling like a kid again  
Total utter bliss  
Total utter bliss  
(x4)Thinking about you  
Thinking about you now  
(x2)Thinking about you  
Thinking about you now

Think about ya touch  
Think about ya kiss  
Feeling like a kid again  
Total utter bliss  
(x2)
