

# Never Let You Go

[Philmore](#)

I had to go, but I want you to know  
Someday I'll be back for you  
Please don't be scared, 'cause if you need me I'll be there I'll hold you near and I will wipe away your tears  
I'll wipe away your fears  
I'll wrap you in my arms  
I'll keep you safe from harm I'm waiting too  
When the time is right then I'll be back for you  
You've waited patiently, and you still believe in me I'll be back for you and I won't ever let you go  
I'll never let you go  
It means so much for me to know You love me too  
That is all I ever want to hear from you  
So please don't be scared  
If you need me I'll be there I'll hold you close I'll keep you near  
You'll never cry another tear  
I'll hold your hand and you'll hold mine  
I'll always be right by your side And I will never let you go  
That's one thing I want you to know  
I'll always be by your side  
I love you
