Is It Over

Ronnie Milsap

Is it over, are you really over him
Is it over, or will you take him back again
If it's over you can let his memory in
Come on over, we'll let our love begin.You say you can't count the times that he's hurt you
And he's hurt you for the last time
Now you say I'm the one that you're needing
But is the need in your heart or just in your mind.Is it over, are you really over him
Is it over, or will you take him back again
If it's over you can let his memory in
Come on over, we'll let our love begin.
You know that I'm yours for the asking
If you're really asking, for true love
Words can't express how I want you
Oh, how I want to believe you're giving him up.
But is it over are you really over him
Is it over or will you take him back again
If it's over you can let his memory in
Come on over we'll let our love begin.Is it over, come on over let our love begin.
Is it over...
