

# My Boots (LyonHart's Bootleg Remix)

## Lights

You might know if your from around here  
What goes on for half of the year  
Have you seen the queen of the castle paint this city from ear to ear  
If the air was meant to be glitter  
It might not take all yours away  
When she swings she's a heavy hitter  
When she comes you'll ask her to stay  
Winter left to cover  
That I'm gonna end up under  
But I've got my boots  
When I'm in the summer I forget how much I love her when she's in the groove  
Oh it's a love hate romance  
'Cause I could watch her dance  
If I got my boooooootsSomething in the way she comes gliding makes me need to fix up the hair  
She gets me to come out of hiding and find something decent to wear  
Stop and stare  
Winter left to cover  
That I'm gonna end up under  
But I've got my boots  
When I'm in the summer I forget how much I love her when she's in the groove  
Oh it's a love hate romance  
'Cause I could watch her dance  
If I got my boooooootsA love hate romance when I see her dance  
I got on my boots  
Got my boots on  
A love hate romance I can't feel my hands  
I got on my boots  
Got my boots on  
Winter left to cover  
That I'm gonna end up under  
But I've got my boots  
When I'm in the summer I forget how much I love her when she's in the groove  
Oh it's a love hate romance  
'Cause I could watch her dance  
If I got my boooooootsWinter left to cover  
That I'm gonna end up under  
But I've got my boots  
When I'm in the summer I forget how much I love her when she's in the groove  
Oh it's a love hate romance  
'Cause I could watch her dance  
If I got my booooooots
