

# Like a Lion

Bryan Lanning

I know you're lost,  
And confused  
And longing for something new  
Stand up  
With me  
And we'll find a place where freedom blooms

Raise your head  
Open your eyes  
And take it all in

You might be scared  
But that's okay, cause life doesn't always come so easily  
You might get hurt,  
And that's alright, you can put yourself back together.  
You can run away from the things they say  
But unless you fight, it'll never change  
Now you might be scared,  
But in the end,  
You'll be fearless like a lion  
Oh, fearless like a lion

Sometimes you must  
Just keep walking  
With one foot in front of the other  
The journey  
May seem rough  
The world is yours if you believe your enough

Raise your hands  
Take a deep breath  
And make the jump

You might be scared  
But that's okay, cause life doesn't always come so easily  
You might get hurt,  
And that's alright, you can put yourself back together.  
You can run away from the things they say  
But unless you fight, it'll never change  
Now you might be scared,

But in the end,  
You'll be fearless like a lion  
Oh, fearless like a lion

There's nothing wrong with wanting more  
Show em what you have, just let it roar  
Fearless like a lion  
Fearless like a lion

You might be scared  
But that's okay, cause life doesn't always come so easily  
You might get hurt,  
And that's alright, you can put yourself back together.  
You can run away from the things they say  
But unless you fight, it'll never change  
Now you might be scared,  
But in the end,  
You'll be fearless like a lion  
Oh, fearless like a lion
