

Not Looking

Marcus Canty

Either I'm losing my mind
And you're just going blind
Right in front of your eyes
But you can't see it baby
It's that perfume you wear
Yea, you smell so real
In the curve right there, oh yea
Girl you're so amazing
(Bridge)

I tried to give you a sign but you ignore it
The key to your heart, I look for it
I'm wishing this girl would give me a chance
About all she wants to do is dance
(Hi girl, hi girl)
(Pre-Chorus)

She just wanna have fun, vibe to the music
She don't wanna be bothered, she just wanna lose it
She just wanna have fun, wanna have fun
She's not lookin for the one, lookin for the one
She's just hanging with her girls, just broke up
Last thing on her mind is falling in love
She just wanna have fun, wanna have fun
She's not lookin for the one, lookin for the one
(Chorus)

Not lookin?
No, but she just wanna have fun, wanna have fun
She's not lookin for the one, lookin for the one
Not lookin?

No, but she just wanna have fun, wanna have fun
She just wanna have fun

I don't know you but I'm tryin to
I know this ain't what you're used to
So try your luck and try something new
Yea yea yea yea
Give me your mind, I'll give you my heart
We'll be together and we'll never part
Tryna get your attention but it's so hard
(Bridge)

I tried to give you a sign but you ignore it

The key to your heart, I look for it

I'm wishing this girl would give me a chance

Abut all she wants to do is dance

(Hi girl, hi girl)

(Pre-Chorus)

She just wanna have fun, vibe to the music

She don't wanna be bothered, she just wanna lose it

She just wanna have fun, wanna have fun

She?s not lookin for the one, lookin for the one

She?s just hanging with her girls, just broke up

Last thing on her mind is falling in love

She just wanna have fun, wanna have fun

She?s not lookin for the one, lookin for the one

(Chorus)

Not lookin?

No, but she just wanna have fun, wanna have fun

She?s not lookin for the one, lookin for the one

Not lookin?

She just wanna have fun

Wussup baby?

Look, I know you broke up with yo mans and all but

Just give me a chance

Shawty just wanna have fun, I'm not looking for the one

But she could see where I was coming from

Yea, baby

(Pre-Chorus)

She just wanna have fun, vibe to the music

She don't wanna be bothered, she just wanna lose it

She just wanna have fun, wanna have fun

She?s not lookin for the one, lookin for the one

She?s just hanging with her girls, just broke up

Last thing on her mind is falling in love

She just wanna have fun, wanna have fun

She?s not lookin for the one, lookin for the one

She?s not lookin for the one, lookin for the one

Not lookin?

No, but she just wanna have fun, wanna have fun

She just wanna have fun
