

# Spring (Among the Living)

## My Morning Jacket

Boy, I was ready  
Boy, I was ready for spring  
Its beauty changes  
Changes everything  
Done hibernating  
We animals roam  
Out of our holes  
Then we spend all spring  
Looking for the next one to go down  
Among the living  
Among the living again  
Out in the light of day's  
Warm embrace again (One, two, three, four)  
Among the living  
Among the living again  
I didn't think I'd make it  
Among the living  
Among the living again  
I didn't think I'd make it  
Boy, I was ready  
Ready for spring  
Its beauty changes  
Changes everything  
Done hibernating  
We animals roam  
Out of our holes  
Then we spend all spring  
Looking for the next one to go down  
Among the living  
Among the living again  
I didn't think I'd make it  
Among the living  
Among the living again  
I didn't think I'd make it  
Ooh yeah  
Among the living again, yeah  
Again  
Again  
Again  
Again, ooh
